GENERAL

Proceedings of the Government of Mysore,

READ AGAIN—

Correspondence (Plague Branch) ending with the Secretary's docket No. Pg. 616, dated 4th December 1899, to the Compiler, *Mysore Gazette.*

No. 7544-83—MIS. F. 17-94, DATED BANGALORE, 3RD JANUARY 1900.

ORDER THEREON—It is observed that the Government Press had on its establishment originally a "Head Clerk and Translator" whose duty it was to make the usual translations for the Press in addition to his other duties. In the final revision of the establishment, which was sanctioned in Government Proceedings No. 10125-26—Mis. F. 17-94, dated 28th February 1899 on the basis of Proposition Statements submitted by the Superintendent of the Press, that official was styled a "Head Clerk" in place of his former dual designation. This change, however, which was evidently unintentional, cannot relieve the official concerned of his duty of making translations, especially when his pay was increased in consequence of the revision from Rs. 60 to Rs. 70—10—90. His full designation of "Head Clerk and Translator" will now be restored and he will be required to continue to do the work of ordinary translation in the Press as formerly. As he cannot, however, be expected, in addition to his other work, to translate accurately long and important Notifications, &c., issued by Government in the Plague or other Branches, or by Heads of Departments, the Secretaries to Government and the Heads of Departments will be requested to be so good as to send all such long and important English papers, Notifications, &c., along with their Kannada translations for publication in the *Mysore Gazette.*

Letter No. 395, dated 18th December 1899, from the Deputy Commissioner, Kadur district, of which the following is an extract.

Waddars, Lambanis and other classes of people talking Mahrathi (masons, coolies, carpenters, &c.,) Mahomedans and Christians arrived at Birur from various parts of Bombay and Hyderabad and Upper India to the number shown below :—

In September	..	787
In October	...	627
In November	..	671

They were all spoken to and after due disinfection of their clothes, &c., sent to various places where they could find the kind of employment they sought, such as coffee estates, neighbouring P. W. D. works, Marikanave works, &c. There were also many arrivals from the Madras Presidency and from the Eastern Districts of Mysore for petty trade, cooly, &c., all of whom were similarly dealt with.

No. 7707-14—MIS. 2241, DATED BANGALORE, 5TH JANUARY 1900.

ORDER THEREON—Recorded.

2. Deputy Commissioners of all Districts are requested to watch the movements of the people across their frontiers in search of employment or of fodder for their cattle, and submit a brief report, every Saturday, furnishing information on the following points :—

(1) How many came from British India and when and to what parts of Mysore.

(2) Did any of them bring any and what cattle.

(3) How many return and when and to what parts of British India as far as is known.

(4) Do any Mysore people go into British India for employment or for fodder for cattle and, if so, how many and under what circumstances.

Correspondence ending with letter No. 2792, dated 28th November 1899, from the Comptroller to the Government of Mysore, re-submitting pension application of Mahomed Khan, late jamadar of the Tumkur District Police, together with copy of communication No. 2055—194, dated 17th idem, from the Inspector General of Police, with its two enclosures, in original, explaining the reasons for having altered the date of birth of the applicant in the schedule from the year 1818 to 1841.

No. 7973-8012—G. F. 14-99, DATED BANGALORE, 12TH JANUARY 1900.

ORDER THEREON—It would appear that in the schedules of the Police establishment maintained in the Comptroller's office from 1876-77 (when Mahomed Khan entered the Government service) up to 1892-93, the year of his birth was shown as 1848. This was as stated in Comptroller's No. 1329—134, dated 4th September 1899, altered to 1841 in the schedules submitted to the Audit Branch by the Police Department for the two years prior to the applicant's retirement *i. e.*, 1895-96 and 1896-97. The Comptroller should have at once taken objection to the unauthorised alteration and called for explanation or reported the matter for the orders of Government. This omission has, the Government regret to observe, led to the present correspondence.

2. It is now reported by the Deputy Commissioner that the alteration of the year was made in the schedule for 1896-97 on the uncorroborated statement of Mahomed Khan. The Deputy Commissioner had no authority to sanction an alteration of an important entry as to age in the Service Registers maintained for several years, affecting, as it did, the claim to pension or gratuity under the Codal Rules, without previous reference to Government. This action needs explanation.

3. It is observed that the Deputy Commissioner first ordered the retirement of Mahomed Khan without the previous sanction of Government, and the Inspector General of Police, subsequently, moved the Government in view to this omission being supplied without apparently satisfying himself that the applicant had actually attained 55 years of age, or bringing the fact of the above alteration of the year of birth to the notice of Government.

4. The Inspector General will now be requested to be good enough to institute proper enquiries himself and ascertain, if possible, by taking such evidence as may be forthcoming, the correct year of Mahomed Khan's birth and submit a very early report for the orders of Government.

5. This case illustrates the necessity for the schedules of establishment submitted to the Comptroller being properly scrutinized by his office without delay with a view to any unauthorised entries or charges inserted therein being objected to forthwith. It seems also desirable that Heads of Departments

should, prior to recommending the retirement of any official, ascertain his correct age by reference to the Comptroller.

READ—

Letter No. 504, dated the 20th December 1899, from the Superintendent of the Government Press, stating that the contingent allowance of Rs. 84 per annum sanctioned in Government Proceedings No. 12456-7—Mis. 1802, dated the 13th May 1896, for the Branch Press at Mysore, is insufficient, and that the same for the current year has already almost run out, leaving only a balance of Rs. 4-12-5 at the end of November 1899, (the charges for the one month of November alone being Rs. 12), and requesting (*a*) that the allowance be raised permanently from Rs. 84 to Rs. 144 a year, *i. e.*, from Rs. 7 to Rs. 12 per mensem and (*b*) that a supplemental grant of Rs. 60 be, as a special case, accorded to meet the charges of the Branch Press for the remaining period of the year.

No. 8781-820—Mis. F. 118-92, DATED BANGALORE, 29TH JANUARY 1900.

ORDER THEREON—Government observe that the "To pay" system authorized to be adopted in Government Proceedings No. 14733-80—Mis. 3195, dated the 30th June 1899, in the case of consignments to be booked by rail from the Press and the Stationery Depot at Bangalore, as also the arrangement thereby ordered of the receiving office paying the cost of carriage for supplies delivered locally, applies not only to the Central Press, but also to all the Branch Presses. The Superintendent will accordingly be requested to at once instruct the Foreman of the Branch Press at Mysore to recover from the Curator of the Government Book Depot, Bangalore, the packing charges of Rs. 12 incurred in November last, in sending certain school books to him.

2. The Superintendent has not shown sufficient grounds for increasing the contingent allowance of the Branch Press at Mysore. With the introduction of the "To pay" system into that Press as above ordered, Government are of opinion that its contingent expenses will admit of curtailment. The provision for contingencies will accordingly be reduced from Rs. 7 to Rs. 5 per mensem. The Foreman of the Branch Press should be enjoined to enforce the greatest economy and to keep the contingent charges within the limit now sanctioned.

3. Adding Rs. 4-12-5 left at the end of November last to the sum of Rs. 12 to be recovered from the Curator of the Government Book Depot, there will be a balance of Rs. 16-12-5 available, which will, at the reduced rate of Rs. 5 a month, cover the contingent expenses of the Branch Press for three months, and leave a sum of Rs. 1-12-5 at the end of that period.

4. The excess amount required for the remaining portion of the year will be met out of any general savings in the Branch Press budget.

I. Rainfall in 1899.—Both the South-West and North-East Monsoons taken together, the actual rainfall of the Mysore Province in 1899 (from 1st January to 31st December) was on an average 27·13 inches against 40·06 inches, the average of the three preceding years, showing thus a defect of 32 per cent in the normal fall. The variations by Districts were as shown below :—

Districts.	1899.	Average of previous three years.	Defect.
1. Bangalore	24·71	34·69	28 per cent.
2. Kolar	22·67	28·77	21 do
3. Tumkur	23·74	27·44	13 do
4. Mysore	19·91	28·82	31 do
5. Hassan	27·35	42·01	35 do
6. Shimoga	38·05	67·22	43 do
7. Kadur	53·54	90·19	41 do
8. Chitaldrug	18·44	24·22	22 do

The rains have, on the whole, been unequally distributed, and the deficiency has ranged to a third or larger proportion of the normal at about 35 out of 79 stations which constitute Taluk and Sub-Taluk Head-Quarters. The deficiency is the result of a partial failure generally of both Monsoons, the failure of the S. W. telling most in the Malnad tracts bordering on the Western Ghats where this Monsoon yields very heavy rain and the influence of the North-East Monsoon is comparatively less. In point of time also, the fall was somewhat fitful. The Agricultural year opened with the rains of March and April far above the average due. In May, the rainfall was normal. The rains of the next three months, the heaviest of the S.W. Monsoon, were deficient so as to endanger the early sowings which had been stimulated by the favourable early rains. The crops reached even a critical condition when the rains of September, copious and opportune, saved them and averted all cause for anxiety for the time being. Withering crops revived and promised to yield an ample harvest if the N. E. Monsoon would prove favourable and well distributed. But, though the rains of October and the first week of November left little to be desired, they suddenly ceased and the break has since continued up to date when no more N. E. rain can be valuable, relieved only by a few welcome showers which fell in the opening days of December in parts of Kolar, Bangalore and Mysore Districts. The quantities gauged during these three months at the head-quarters of the Districts compare, as shown below, with the normal.

District Head-Quarters.	1899.	Normal.	Deficiency.
1. Bangalore	2·67	8·53	69 per cent.
2. Kolar	5·31	8·12	35 do
3. Tumkur	3·90	10·02	61 do
4. Mysore	3·12	9·84	68 do
5. Hassan	2·68	9·84	73 do
6. Shimoga	4·29	7·72	44 do
7. Chikmagalur	4·57	9·16	50 do
8. Chitaldrug	1·66	6·95	76 do

The scanty N. E. Monsoon was also unequally distributed and the figures just given, though they relate only to District Head-Quarters, may be taken as fairly indicating the average defect throughout each District as a whole.

The result for the year, taken as a whole, in respect of dry crops, which cover about 87 per cent of the entire cultivated area, is an out-turn not much below the average in the case of the earlier sowings, including Ragi, which benefited by the September and October rains, a partial failure in the case of the late sowings which needed the N. E. rains to form and mature the grain, and practically an entire failure in the case of crops such as Horse-gram (Kulthi), Samé, &c., sown in the early part of the N. E. Monsoon. At the same time, favoured spots are reported to exist in various parts of every District where the out-turn is normal, notwithstanding the deficient rainfall at Rain-gauge Stations. As to irrigated crops which cover about 13 per cent of the entire cultivated area, the serious deficiency in tank-filling rains has told upon the out-turn of the Karthik harvest (due in December), and for all practical purposes entirely prevented cultivation for Vysakh harvests (which will have become due in May and June next). Of crops in areas protected in ordinary seasons of drought by large tanks, river channels and wells, and in areas such as the Malnad tracts, where no such protection is required, the out-turn is practically normal or a good average. About 50 per cent of the irrigated area will fall under the last mentioned category.

II. Out-turn of Harvests.—Under conditions so diversified it is difficult to convey an accurate idea of the out-turn of crops in the usual terms. The following are at best rough estimates which may give a fair idea of the situation.

BANGALORE DISTRICT.

Ragi.—Say an average of 4 annas for the whole District in parts of which there is a normal crop, and in some other parts, notably the southern parts of Kankanhalli and Channapatna and northern parts of Dodballapur Taluks, barely a 2-anna crop.

Rice.—Normal.

Kulthi.—A 2-anna crop.

Other cereals and pulses.—Say a 6-anna crop.

KOLAR DISTRICT.

Ragi.—A 2 to 4-anna crop in Taluks and tracts bordering on the Madras Presidency (Anantapur, Cuddappa and North Arcot Districts). A total failure is reported in Goribidnur Taluk (Anantapur frontier of the Madras Presidency). A 4 to 6-anna crop elsewhere.

Rice.—Hardly a 4-anna crop in the aforementioned tracts bordering on the Madras Presidency. A fair 8-anna crop on an average elsewhere.

Kulthi, other cereals and pulses.—Practically *nil*.

TUMKUR DISTRICT.

Ragi.—A 6 to 8-anna crop is a fair estimate for the District as a whole, in parts of which, where Ragi is grown by irrigation from wells or surface springs, the out-turn is normal.

Rice.—A 4 to 6-anna crop where harvested (Karthik) and a 2-anna crop where the harvest is hereafter due.

Kulthi, other cereals and pulses.—A 4-anna crop. Dry beds of tanks are being sown with Bengal-gram which will yield a fair crop, helped by the moisture from below and the dews from above.

MYSORE DISTRICT.

Ragi and Jola.—A 4 to 8-anna crop in the central and western Taluks and a 2 to 4-anna crop in the eastern Taluks. A satisfying 12-anna crop is reported in the Chamrajnagar Taluk (bordering on Coimbatore, Madras Presidency).

Rice.—A normal crop under the numerous river channels and large tanks. Say a 12-anna crop for the District as a whole.

Kulthi, other cereals and pulses.—A 4 to 6-anna crop in the western and central parts. Less elsewhere.

HASSAN DISTRICT.

Ragi.—An 8-anna crop in most parts and a better crop in several, with a very poor crop in some few parts. Say a 6-anna crop on the whole.

Rice.—A satisfying 8 to 12-anna crop all round.

Kulthi.—A 4 to 8-anna crop.

Other cereals and pulses.—Ditto.

SHIMOGA AND KADUR DISTRICTS

which consist mostly of Malnad (hilly) tracts bordering on the Western Ghats.

Ragi.—A 4 to 6-anna crop on an average all round except in parts of the Channagiri and Kadur Taluks (east of the Districts) where it is less.

Rice.—A 4 to 10-anna crop in the western tracts diminishing eastwards. Normal under the large Sulekere tank (Channagiri Taluk).

Kulthi.—Barely a 4-anna crop.

Other cereals and pulses.—A 4 to 8-anna crop, especially those such as Jola, Bengal-gram and Wheat, which mature in the dewy season.

Supari, Coffee and Cardamom—which are extensively grown in these Districts have yielded a normal crop.

CHITALDRUG DISTRICT.

Ragi.—A 6-anna crop where dependent on the rainfall as in the western and central tracts. Normal under wells as in the eastern tracts.

Rice.—A 12-anna crop.

Cereals and pulses.—Same as Ragi above noted.

III. Food Stocks and Prices.—There has been no appreciable depletion of food stocks stored in view of the apprehensions of evil in the current year (Vikari). At great centres of trade like Bangalore, Mysore and Shimoga, some exports of food grains were stimulated in September and October by high prices outside the Province and favourable expectations within. But this drain soon ceased. Present stocks are reported to be sufficient for local requirements everywhere till next harvests.

Except in the Bangalore and Mysore Districts, the prevailing prices, though ranging high for this part of the year, have not reached the level of 1897, much less that of 1891. In Bangalore and Mysore Districts, however, they have generally reached the level of 1897 and in some cases that of 1891. But with similar agricultural conditions existing in Her Majesty's Territories all round, it is feared that prices, instead of becoming easier as they usually do in this part of the year as harvests are garnered, will harden at the present level till next year's harvests accrue. Deputy Commissioners are of opinion that a further rise is unlikely.

Markets are well supplied, and the operations of private trade are normal and active. With the facilities afforded by 467 miles of railway and nearly 5,300 miles of well-made roads, besides innumerable cart-tracks, all practicable in fair weather, traversing the State* in all directions, they are expected to be equal to any emergency that can at all arise.

*Area 29,305 square miles. Population 4,943,604. (1891.)

IV. Water-Supply.—Owing to the serious defect in the heavy tank-filling rains of the North-East Monsoon, tanks all over the Province are much lower than usual. While this would prejudice Vysakh cultivation, as already stated, it does not endanger the supply required to meet the wants of people and cattle. Stray cases of dearth of drinking-water met with in a few places in the Bangalore, Mysore, Hassan and Shimoga Districts, far from rivers or large tanks, are being relieved by the Deputy Commissioners of those Districts, respectively.

V. Fodder and Condition of Cattle.—Cattle are everywhere reported to be healthy and in good condition, excepting for foot and mouth disease in parts of the Kadur District which, however, does not affect the normal character of the situation as a whole. Grazing is available generally, absolute failure being rare. The straw and other fodder of current harvests, supplemented by the previous year's stock, which has been husbanded much more than usual, are expected to prove sufficient till the next early rains. These private resources can be supplemented when required by throwing open State Forests and Plantations to free grazing.

VI. Famine Relief.—No serious distress, much less one deepening into Famine, is expected.

With a serious deficiency of harvests and a high level of prices, people must be hard pressed, particularly the landless classes who depend upon their cash earnings for a living. But agricultural labourers will find employment in the fields which they will not forsake during the next two months: for them, thereafter, and for the ordinary labouring classes the ordinary public works now in progress and several others which are being anticipated in the special circumstances of this season, will, it is expected, prove sufficient. Various works of Village Sanitation and Conservancy, and others executed out of Municipal and District Funds, will also furnish employment nearer home to those who would resort to them. But relief works in the sense of works on relief or subsistence wages are not now called for, and are not expected to become necessary unless the next South-West Monsoon also fails. Deputy Commissioners concur in this

view, and an experiment made in some of the worst parts of the Kolar District has also proved this.

The pressing needs of the present time are those of the immigrants from the surrounding Districts of British India who are stated to be coming in, in large numbers, for employment. Supari and Coffee plantations absorb a large proportion of the available labor, and Deputy Commissioners of frontier Districts are also employing a proportion on suitable work, expanding programmes of works where necessary.

As has already been reported, a programme of works, elastic and well distributed throughout all tracts, is ready for being put in hand wherever and whenever required.

VII. Summary.—The situation on the whole is one which causes some anxiety, but, succeeding as it does a year of very favourable seasons and ample harvests, it causes no alarm. It calls indeed for vigilance, but it is also one of restfulness, "Sleep with one eye open" as policemen would say. The people are confident and there is no panic.

The following letter from the Government of Bombay enclosing a report by Major W. B. Bannerman, M. D., I. M. S, in charge of the Plague Research Laboratory, Bombay, on the efficiency of plague prophylactic fluid prepared by growing the bacilli of plague in a medium manufactured from wheat, is re-published for general information :—

No. 8518-P., dated 15th December 1899.

From A. F. Woodburn, Esq., I. C. S., Secretary to the Government of Bombay, General Department (Plague), to the Secretary to the Government of India, Home Department.

I am directed to forward herewith, for the information of the Government of India, copy of a letter No. 6092, dated the 29th ultimo, with accompaniment, from Major W. B. Bannerman, M. D., I. M. S., reporting on the efficacy of the plague prophylactic prepared by growing the bacilli of plague in a medium manufactured from wheat.

No. 6092, dated 29th November 1899.

From Major W. B. BANNERMAN, M. B., B. SC,, I. M. S., in charge, Plague Research Laboratory, to the Chief Secretary to the Government of Bombay, General Department (Plague.)

I have the honor to forward report of experiments conducted in this Laboratory, which had for their object to ascertain whether or not plague prophylactic, made by growing the bacilli of plague in a medium manufactured from wheat, was as effective as that made in the ordinary manner. Only one experiment has been made, but it is so conclusive that I think no hesitation need now be felt in recommending vegetarians to be inoculated with this kind of vaccine, with full confidence that they will be as effectually protected as those inoculated with the ordinary material.

The experiment shows that, for rabbits at least, the wheat peptone vaccine is as effective as that prepared from meat peptone, and there is no reason to suppose that human beings will re-act differently.

2. I would suggest, therefore, that publicity be given to these results, so that those communities who have religious scruples against the use of vaccine prepared from goat's flesh, may be made aware that they can now be protected by the use of the wheat peptone prophylactic. I may add that there are several thousand doses of this new material now ready for distribution.

Experiment with plague vaccine prepared by growing the plague organism in wheat peptone broth, the culture being sterilised afterwards by heat.

Three rabbits were inoculated with different quantities of this vaccine as follows:—

7th November 1899 ..	Rabbit I,	1,384 grmms.	weight received	6·25 c.c.
	Ditto II,	1,163 „	„	5 c.c.
	Ditto III,	1,004 „	„	2·5 c.c.

The rabbits showed no symptoms after these inoculations.

21st November 1899..On this date each of the above three rabbits, as well as a control rabbit, was inoculated with ½ an agar tube of plague. This growth was the fourth remove from a rat which had died of plague and was 24 hours old. The result was as follows:—

Rabbit I showed no symptoms.
Ditto II ditto
Ditto III ditto

Control rabbit died 22 hours after inoculation.

A *post-mortem* examination was made of this latter rabbit. The glands in the groins and axillæ were found to be enlarged and congested. The peritoneum, both parietal and visceral layers, showed numerous punctiform hæmorrhages. There were extensive hæmorrhages into both kidneys. There were also some small hæmorrhages in both lungs. Liver and spleen appeared normal. Strained preparations were made of the blood, liver and spleen. In the blood very few plague bacilli were found. In both liver and spleen plague bacilli were very abundant and appeared to be in pure culture. Cultures were made from blood and liver. From both of these sources pure cultures of plague were obtained.

EDUCATION

Proceedings of the Government of Mysore,

READ—

Letter No. 5870—258, dated 23rd December 1899, from the Inspector General of Education in Mysore to the Secretary to the Government of Mysore, General and Revenue Departments, Bangalore.

I have the honor to submit, in original, letter dated 20th December 1899, together with its enclosures (to be kindly returned when done with) from the Honorary Secretary of the Maharani's Girls' School recommending that Mr. Malhari Rao's services may be permanently transferred to the Maharani's School or if that is not possible his temporary employment may be permitted to continue till the end of May 1900. If the F. A. Class of the school is to be kept on, it will be necessary to retain the services of Mr. Malhari Rao in the Maharani's School. The results of the last F. A. Examination are expected before the 10th February 1900.

2. The opinions of the members of the School Committee on the proposal to give a local allowance to Mr. Malhari Rao so long as he remains attached to the Maharani's School are enclosed in the Honorary Secretary's letter.

Letter dated the 20th December 1899, from the Honorary Secretary, Her Highness the Maharani's Girls' School, to the Inspector General of Education in Mysore.

I have the honor to submit that the past experiences of the school have invariably shown that a Head Master of a high order of educational qualifications, acquainted with the details of school work and possessing the confidence of the public, is a *sine qua non*, side by side with a Lady Superintendent at the head of this important institution : and the Committee cannot lose sight of this fact.

Therefore, following up the resolution of the Committee, dated 5th April 1899, it is now proposed to submit to Government, to solicit for its sanction to place permanently at the disposal of the school the services of Mr. Malhari Rao, the term of whose temporary service in this school will expire at the end of this month.

I beg also to request sanction for the allowance to Mr. Malhari Rao which had been proposed by Mr. Weir and supported by the Committee. A copy of the proceedings on this subject is submitted herewith.

Should there be any difficulty to sanction at once the permanent appointment of the Head Master, I beg the temporary employment of Mr. Malhari Rao may be extended to the end of the next midsummer vacation, and in the meanwhile the Committee will have time to know the results of the school in the F. A. and Matriculation Examinations and to forecast the future work of the school.

No. 7675-76—ED. 269A, DATED BANGALORE, 1ST JANUARY 1900.

ORDER THEREON—Government regret their inability to sanction an allowance for an officer belonging to the permanent Educational Staff and holding a graded office therein on scale of pay which has recently been improved on very liberal lines, on the ground of his deputation for duty in a particular Educational institution. To sanction the allowance in this case would involve a departure from this principle and establish an undesirable precedent.

2. If the Committee desire it, Mr. S. Malhari Rao will be left in the Maharani's Girls' School till the end of May next.

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.

The Comptroller to the Government of Mysore.

No. 7632-71—Ed. 270, dated Bangalore, 3rd January 1900.

Order—Government are pleased to direct that the following be added as Chapter XIII (A) to the Mysore Service Regulations and that Long Leave under this chapter be granted to specially selected Officers, European or Indian, who may wish to avail themselves of it for the purpose of proceeding to Europe or America, and who, in the opinion of Government, are likely to add, during such leave, to their usefulness for their respective Departments. A list of Officers selected for the benefit of these Rules will be published as an appendix to these Regulations. (*Vide Appendix No. 7.*)

CHAPTER XIII (A).—LONG LEAVE.

EUROPEAN AND INDIAN SERVICES.

GENERAL.

An officer to whom these rules are declared applicable does not forfeit his privilege upon transfer to some office wherein these rules do not apply, unless such transfer is ordered as a penalty, or because of the officer's inefficiency.

FURLOUGH.

II. *General Limitation.*—The amount of Furlough admissible, and the aggregate amount of Furlough and of Special leave with allowances admissible, is six years. All the rules herein contained are subject to this limitation.

III. The following leave under other Rules is counted as Furlough under the preceding Article :—

Furlough and leave with allowances on medical certificate, and leave on private affairs under former rules.

IV. *Leave after completion of Term of Service.*—Any officer subject to these Rules who is retained in the service after the age of 55 years may, after attaining that age, be granted Privilege leave or any Special leave under Article XV to which he may be otherwise entitled, or Extraordinary leave without allowances under Article XXVI. The total leave granted, under the heads of Special or Extraordinary, must not exceed six months in all. To such an officer no other kind of leave may be granted, and any leave, other than Privilege leave or Special leave, granted to such an officer before the date on which he attains the age of 55 years, ceases to have effect on that date.

V. *Furlough earned.*—The amount of Furlough "earned" by an officer is *one-fourth* of his *active service.*

VI. The amount of Furlough "due" is the amount of Furlough which he has "earned" diminished by the Furlough, or Special leave with allowances, which he has enjoyed under these or any former Rules :

Provided that if more than two years' Furlough be due when the officer first becomes subject to these Rules, the excess shall be cancelled.

VII. *Furlough admissible.*—To an officer who has rendered three years' *continuous service*, Furlough for not more than two years, may be granted as follows:—

(*a*) on medical certificate:—unconditionally;

(*b*) without medical certificate:—subject to these provisos—

(i) that the Furlough be due to him,

(ii) that he has rendered eight years' *active service*,

(iii) that the whole number of officers absent on Furlough and Special leave do not exceed the limit (if any) appointed by the Government unless the Furlough asked for be one *on medical certificate or on very urgent private affairs.*

VIII. If, under the operation of proviso (iii), [Article VII (*b*)] the applications for Furlough cannot be complied with, Furlough will be granted in the following order:—

(1) To the applicant to whom most Furlough is due.

(2) Of two or more applicants to whom the same amount of Furlough is due; to him who has rendered the longest *Continuous Active Service.*

(3) Of two or more such applicants who have rendered the same *Continuous Active Service*;—to the senior.

IX. To an officer who has not rendered three years' *Continuous Service*, Furlough for not more than *one* year may be granted on medical certificate.

X. *Extension of Furlough.*—Furlough granted under Article VII may, on medical certificate, be extended to not more than three years.

XI. Furlough granted under Article IX for less than one year may, on medical certificate, be extended to not more than one year.

XII. *Ordinary Furlough.*—Ordinary Furlough can, under no circumstances, extend beyond two years at one time.

It includes—

(1) the first two years of each separate period of Furlough under Article VII, including any extension under Article X;

(2) so much of the Furlough under Article IX, including any extension under Article XI, as may be due: Provided that the officer have rendered six months' *continuous Active service.*

XIII. *Leave Allowances.*—An officer on *Ordinary Furlough* is entitled to a leave allowance equal to half his * *average salary* subject to the following limits:—

*Average salary for the purposes of these rules means the average salary calculated for so much of the three years immediately preceding the day on which the officer gives up office as he has passed on duty, or on Privilege leave.

NOTE.—For the purposes of the calculation of "Average salary," "Privilege leave in case of regular vacations" on half pay granted under Chapter XII, shall be treated as if it were on full pay.

A maximum of £200 a quarter if paid in England; no minimum, except as provided in Article XVII, and Rs. 666 ⅔rds a month, if paid in India; no minimum, except as provided in Article XVII: Provided always that the allowances of an officer during leave shall in no case exceed his actual salary drawn when he takes leave.

NOTE.—An officer on Furlough does not forfeit his past leave allowance by resigning the service without returning to India.

XIV. An officer on *Furlough other than ordinary* is entitled to £120 a quarter if paid in England, or Rs. 400 a month if paid in India, or to one-quarter of his average salary, whichever is less. In the case provided for in Article XVII, quarter average salary is subject to the minima prescribed in that article.

NOTE.—Absentee allowances in respect of leave spent out of India, if paid in India, are subject to the rupee limits prescribed in Articles XIII and XIV.

SPECIAL LEAVE.

XV. *Period admissible.*—Special leave on urgent private affairs may be granted at any time for not more than six months: Provided that an officer, who has had Special leave, must render six years' *active service* before he can again have such leave.

NOTE.—The period of three years required for Furlough is not broken by Special leave intervening, but—

(2) the Special leave does not count as part of the three years;

(3) Special leave is not included when counting the maximum eight years allowed for Furlough;

(4) Special leave does not count as service for Furlough.

XVI. *Leave Allowances:*—

(*a*) For the first six months for which an officer is on Special leave, whether the six months be included in the same leave or not, he is entitled to the leave allowance admissible under Article XIII.

(*b*) Thereafter, he is entitled to no leave allowance.

(*c*) An officer on Special leave does not forfeit his past leave allowances by resigning the service without returning to India.

XVII. *Minimum Leave Allowance.*—When an officer is obliged to take long leave out of India owing to ill-health, absentee allowances are subject to the following minima:—

On Ordinary Furlough or Special Leave.—

When paid in England—£200 a year, or $\frac{3}{4}$ths of last salary, whichever is less.

When paid in India—Rs. 166$\frac{2}{3}$ a month, or $\frac{3}{4}$ths of last salary, whichever is less.

On Furlough other than Ordinary—

When paid in England—£100 a year, or 37$\frac{1}{2}$ per cent of last salary, whichever is less.

When paid in India—Rs. 83$\frac{1}{3}$ or 37$\frac{1}{2}$ per cent of last salary, whichever is less.

NOTE.—These minima rates are also applicable to any leave out of India commuted into leave on medical certificate. An officer claiming the minimum rate must furnish a medical certificate in support of the claim. The certificate should be in the same form as that required by the Mysore Service Regulations to entitle an officer to leave on medical certificate and should recommend leave out of India. For purposes of this rule Ceylon is not out of India.

SUBSIDIARY LEAVE.

XVIII. *Nature of Subsidiary Leave* :—

(*a*) Subsidiary leave is the time allowed—

(i) *to an officer leaving India on retiring from service*, or on *Furlough or Special leave*, to break up his domestic establishment and travel to the port of embarkation ; and

(ii) to an officer *returning to India* from *Furlough* or *Special leave*, to travel from the port of debarkation and re-organise his domestic establishment.

(*b*) The use of the words "port of embarkation" and "port of debarkation" in clause (*a*) limits the grant of Subsidiary leave to an officer leaving India by sea,—that is, at an Indian sea-port. No Subsidiary leave is admissible to an officer who does not leave India by sea.

XIX. *Grant of Leave* :—

(*a*) The grant to an officer leaving India—

(i) of permission to retire from the service; or

(ii) of Furlough or Special leave out of India, carries with it the grant of Subsidiary leave, including, in the case referred to in Article XVIII (*a*) clause (ii), Subsidiary leave on his return to duty.

(*b*) An officer returning to India, without the permission of the Government more than 14 days before the end of his Furlough or Special leave, is not entitled to Subsidiary leave, save under the special orders of the Government.

XX. *Period admissible.*—The minimum Subsidiary leave is ten days; otherwise Subsidiary leave is calculated according to the rules and restrictions laid down in Chapter IX for *joining time.*

XXI. *Prolongation of Subsidiary Leave.*—Subsidiary leave may be prolonged by not more than 14 days if a Medical Board or Officer detains an officer for observation before finally granting or refusing a medical certificate and certifies that such detention is considered expedient before granting or refusing such a certificate.

XXII. If an officer eventually fails to obtain the medical certificate referred to above, he is entitled to Joining Time from the date on which the decision of the Medical Board or Officer is communicated to him, to enable him to return to his appointment. During this joining time his allowances are regulated as if he was on Subsidiary leave.

XXIII. Subsidiary leave granted to an officer preparatory to retirement ceases when he actually resigns the service.

XXIV. *Leave Allowances.*—An officer on Subsidiary leave is entitled to allowances as follows:—

(*a*) If the leave be subsidiary to Special leave, and the officer have had leave subsidiary to a former Special leave—no allowance.

(*b*) If the leave be subsidiary to Ordinary Furlough or Special leave [otherwise than as provided in clause (a)]—the allowance admissible under Article XIII.

(*c*) If the leave be subsidiary to Furlough other than Ordinary—the allowance under Article XIV.

(*d*) If the officer have ceased to have a lien on a substantive appointment —no allowance.

(*e*) If the leave be preparatory to retirement—the allowances which would be admissible if the officer were proceeding on leave of such description as may be admissible to him; and, if no leave is admissible,—subsistence allowance only.

XXV. A retiring officer may draw allowances as if he were on Privilege leave, for any part of his Subsidiary leave for which, if he were not retiring from the service, or going on Furlough or Special leave, Privilege leave would be admissible to him. It is to be observed that an officer who has no lien on an appointment cannot benefit by this Rule.

EXTRAORDINARY LEAVE.

XXVI. Government may in case of necessity, and when no other kind of leave is by rule admissible, grant leave of absence from duty otherwise than under these rules; provided that—

(i) such leave may not be granted in combination with the grant of other leave. But it may be granted in continuation of other leave if circumstances arise which prevent the return by the officer to duty, and which, in the opinion of the Government, are such as to justify the concession. No officer is *entitled* to Extraordinary leave.

(ii) an officer absent from duty on leave so granted shall receive no absentee allowance.

With reference to your docket No. 1741—65, dated the 5th August last and subsequent reminder No. 4126—146, dated the 26th September last, I have the honor to state that by Government Order No. 14006-7—Ed. F. 17-96, dated the 12th June 1899, the appointment of Mangamma as Music teacher in the Maharani Girls' School on Rs. 60 rising to Rs. 75 by annual increments of Rs. 5 was sanctioned, the charge being met from the savings of Rs. 194 pointed out in the Proceedings of the Committee dated the 6th May 1899, and detailed in the margin of the order cited above Deducting the pay of Mangamma from the above savings there is Rs. 134 available for expenditure. Order thereon—The Committee of the Maharani Girls' School have recommended certain increases of pay and allowances and the creation of two new appointments involving in all a monthly charge of Rs. 158, and the Inspector General has shown a clear saving of Rs. 164 wherewith to meet the proposed charge. These proposals as summarised in para 2 of the Inspector General's letter cited above are accordingly sanctioned, with effect from 1st February 1900, on the distinct understanding that no extra cost is involved.

2. Government at the same time recognize the necessity of having the Educational Library removed from Mysore to Bangalore as early as possible. Until further orders, the Library should be located in the detached building newly constructed in the premises of the Government Press Office. Govern-

ment are unable at present to permit the occupation of this building by the Manager of the Press Office or the utilization of it for other Press purposes.

Letter No. 4674—194, dated 22nd November 1899, from the Inspector General of Education in Mysore.

I have the honor to forward herewith a printed copy of the Proceedings of a meeting of the Committee of the Maharani Girls' School held on the 12th October 1899, and with reference to the Proceedings to make the following recommendations:—

(1) With reference to Resolution I, I recommend that H. Krishnachar may be appointed in Class D I on Rs. 38 rising to Rs. 50 by biennial increments of Rs. 4. Provision has been shown in my letter No. 4629—192 of 21st November 1899.

(2) With reference to Resolution II, I recommend that the increase of Rs. 10 to the allowance of the School Writer may be sanctioned. Provision has been shown in my letter No. 4629—192. The Lady Superintendent and the Honorary Secretary recommend that the increase of Rs. 10 may be made to the pay and not the allowance of K. Parameswara Iyer. I am unable to support the recommendation.

(3) With reference to Resolution III, I recommend that A. Lakshmidevamma may be appointed Head Mistress of the Arya Balika Patasala, Bangalore, on Rs. 100, and B. Ramaiya, (B.A., Language Branch) the present Head Master, sent to Chikballapur High School as an additional Assistant Master on Rs. 46 in Class D I. B. Ramaiya's present pay is Rs. 45. I have recommended more than once the appointment of a History Graduate as an additional Assistant for the Chikballapur High School in Class C 4, but since Government have not been pleased to sanction the appointment, as the next best arrangement I propose to send B. Ramaiya to the Chikballapur High School as an additional Assistant. There is no provision for the pay of Lakshmidevamma which has to be specially sanctioned. I believe it was understood that the lady teachers who matriculated first from the Maharani Girls' School should be given Rs. 100 a month.

(4) With reference to Resolution X, I regret my inability to support the proposal to pay to Yadugiriamma and Sundaramma their scholarships for 1897 and 1898 which lapsed in consequence of the delay made by their guardians and for which there is no provision in the current year's budget.

(5) With reference to Resolution XI, I recommend that Government may be pleased to sanction an annual provision of Rs. 300 for prizes to be made for the first time in the budget of 1900-1901.

(6) With reference to Resolution XII, I have not yet been able to consult the President of the Committee.

Proceedings of a Meeting of the Committee for the Management of the Maharani Girls' School, Mysore, held on 12th October 1899.

PRESENT.

V. P. Madhava Rao, Esq., C.I.E., (*President*).

1. S. M. Fraser, Esq.
2. Mrs. Fraser.
3. H. J. Bhabha, Esq.
4. Miss Ridsdale (*Lady Superintendent*).
5. Rai Bahadur A. Narasimha Iyengar, Esq. (*Honorary Secretary*).
6. B. Mallappa, Esq.
7. Sundara Sastriar, Esq.
8. Kutti Narasimha Sastriar, Esq.

I. Resolved that H. Krishnachar, Acting Assistant Master from September 1897, be recommended to Government for permanent appointment in this School as Assistant Master in Grade Rs. 30 to 50, beginning at Rs. 38.

II. Discussion of application for promotion by K. Parameswara Iyer, Assistant Master on Rs. 35, who, in addition to his teaching work, has been for three years and a half most satisfactorily fulfilling the duties of the school-writer on an allowance of Rs. 15 only.

Resolved that for his invaluable services his allowance be raised to Rs. 25, instead of Rs. 15.

III. Application from A. Lakshmidevamma was considered. She is a Matriculate, who is employed as Acting teacher in the School till December 1899 on a salary of Rs. 75. It was proposed by Mr. Bhabha that she might be entertained as Head Mistress of the Arya Balika Patasala, Bangalore, on Rs. 100; while Mr. Fraser suggested that she might be permanently appointed in the Maharani Girls' School on Rs. 100.

Resolved that the decision as to her post be left to the Inspector General to be made according to the needs of the Department.

IV. Ramanathiah, son of the late Narasimha Sastri, who was for about 17 years a Home teacher, applied for his father's post. While considering this application, the name of Pandit Sundaracharlu was suggested as more suitable in point of age and experience to work among women, and the Committee decided in his favour; the Inspector General promising to provide an appointment elsewhere for Ramanathiah.

N. B:—The services of a new teacher are not at present required in the Home Department, and the pay of the late Narasimha Sastri has been shown in the general savings to meet the extra charges already sanctioned at this and the two former Committee Meetings this year.
When a new appointment is made preference should be given to Pandit Sundaracharlu.

V. Resolved that out of the scholarship-grant, a sum not exceeding Rs. 50 per month be set aside for giving encouragement to suitable married adult pupils who join the School; as hitherto no such provision has been made. The scholarships to be Rs. 4 during the three years they are studying in the Special Adult Classes; and Rs. 5 while they are studying in the Lower Secondary Class. If at the expiration of three months any student be found unsuitable, she may be sent away at the discretion of the Lady Superintendent. No applicant above 20 years of age to be received.

VI. Resolved that the question of appointment of an Assistant Lady Superintendent (*vide* Proceedings of the Committee Meeting held on 25th January 1899) be deferred.

VII. Resolved that Miss Ridsdale be requested to select a nun at the earliest opportunity to assist in the Fancy-work, Drill and Art Departments. Pay to be Rs. 50 with carriage allowance of Rs. 15.

VIII. Resolved that the applications for admission from six adult pupils be sent to the Sub-Committee for consideration.

The applicants are:—

Ganga Bai	... ...	Aged 22 (re-admission.)
Venkatasubbamma	...	„ 24
Yeggamma	... ...	„ 28
Srirangamma	... ...	„ 12
Gundamma	... ...	„ 14 (widow.)
Naranamma	... ...	„ 14

IX. The statement of savings amounting to Rs. 121-8-0 was read and approved by the Committee, and it was resolved that the additional charges recommended in this and the two former Meetings, *i.e.*, 25th January and 6th May, may all be met from the savings shown above.

X. In consequence of delay on the part of their guardians in executing the requisite agreements with Government, two students, *i. e.*, Yadugiriamma and Sundaramma (both of the English Lower Secondary Class) though regularly attending School were not paid any scholarships for the year 1898 and 1897, respectively.

Resolved that application be made to Government for these scholarships which are justly due to them.

XI. Hitherto no regular provision has been made for prizes.

Resolved that application be made to Government for an annual prize-grant of Rs. 300, as suggested by Mr. Bhabha.

XII. The proposal to make the "Maharani Girls' School Magazine" a Government publication, and to recognize it as a Magazine of the School, was approved by the Committee. The details to be settled by Mr. Bhabha in consultation with Mr. Madhava Rao and Miss Ridsdale.

No. 7879-80—Ed. F. 17-96, dated Bangalore, 9th January 1900.

Order thereon.—The Government are pleased to direct that A. Lakshmidevamma, a Matriculate from the Maharani Girls' School, be entertained in the Education Department on a salary of Rs 100 per month, as recommended by the Inspector General as well as the School Committee, her posting being left to the discretion of that Officer, as it is not clear from the letter read above whether she has obtained the requisite training and is competent to take charge of a school as Head Mistress at once. Such appointments should always be made on probation on the report of the Lady Superintendent that the nominees have received the necessary training, and subject to confirmation after six months, if they are found to have discharged their duties satisfactorily.

2. The Government concur with the Inspector General in the desirability of transferring B Ramaiya from the Arya Balika Patasala, Bangalore, and his posting to the Chikballapur High School as an additional Assistant Master on Rs. 46 in Class D I, is accordingly sanctioned. He will take up one of the four vacancies left in that class by the promotion of an equal number to the new Class C 4 as sanctioned in para 5 of Government Proceedings No. 5625-7—Ed. 201, dated 14th November 1899, and this with the appointment of H. Krishnachar as an Assistant Master of the Maharani Girls' School on Rs. 38 in Class D I would still leave two more places available in that class for the appointment of additional Assistants where such are absolutely required.

3. The Government agree with the Inspector General in the view expressed by him in regard to the arrears of scholarships for 1897 and 1898 claimed by Yedugiriamma and Sundaramma, as the amounts have lapsed owing to laches on the part of their guardians to draw them in due course and the absence of any provision in the current year's budget.

4. With reference to the Inspector General's recommendation for a prize grant for 1900-1901, he will be requested to report what is the average expenditure heretofore incurred on annual prizes and how much of it has been met from contributions made by the public, who are understood to have always been very liberal towards the Maharani Girls' School.

5. The Government feel constrained to remark that the mixing up of more than one question in the same letter, as has been done in the present case, is very inconvenient, and although the School Committee may at one meeting deal with several matters and embody them all in a single Proceedings, the Inspector General will be requested to be so good as to make a separate reference to Government in future on each distinct subject.

Letter of the 5th October 1899, from the Joint Honorary Secretaries of the Devaraj Bahadur Charity Fund.

We beg to submit a Report of the Administration of the Devaraj Bahadur Charity Educational Fund from 1st July 1896 to 30th June 1899.

The balance on hand on 1st July 1896 was Rs. 2,010-9-9. The income during this period was Rs. 7,855-6-2. Out of this total sum of Rs. 9,865-15-11, the amount available for the education of widows was Rs. 7,633-6-11 and that for encouragement to the authors of Kannada and Sanskrit works was Rs. 2,057-2-10; and that for contingent expenses Rs. 175-6-2, being the interest received on the deposit of our half-yearly income in the Government Savings Bank under the two heads. The amount actually spent during the period was Rs. 6,954-12-6 under the first head, Rs. 1,651-3-3 under the second, and Rs. 170 under the third, (detailed statements of these are herewith submitted), thus leaving a balance of Rs. 678-10-5, Rs. 405-15-7 and Rs. 5-6-2, respectively under the different heads, or a total balance of Rs. 1,090-0-2.

Since the institution of scholarships to widows in May 1895 up to the end of June 1899, 35 high caste widows have been brought under instruction. A statement giving detailed information regarding each of these pupils is herewith submitted.

Out of the 35 widow pupils, two have passed the Vernacular Upper Secondary and Teachers' Certificate Examinations; one of these two is the Head Mistress of the Government Girls' School at Shimoga and the other is studying English with the object of passing the Matriculation Examination.

Thirteen of the others have passed the Kannada Lower Secondary Examination. Two of these are employed as School Mistresses in the Government Girls' School at Bangalore, and seven have been recommended for appointments in Girls' Schools in the districts. One has also passed the English Lower Secondary Examination and joined the High School Department in the Maharani Girls' School to study for Matriculation. One has appeared for the English Lower Secondary this year, and another will appear next year. One is dead.

Out of the remaining twenty, two are studying in the Girls' School at Bangalore, and seventeen in the Maharani Girls' School, Mysore, (three for the English Lower Secondary and 14 for the Kannada Lower Secondary), and one has been recommended for appointment as Sewing Mistress in a Government Girls' School.

Thus, in the course of four years, it has been our good fortune to successfully educate 15 high caste widows and to qualify them to become efficient teachers by passing the requisite public examinations. We expect that the remaining twenty pupils will become qualified School Mistresses in another two or three years.

We are happy to report that the encouragement offered by this Charity Fund has not only provided Government with 15 qualified School Mistresses for their schools but has also supplied the Maharani Girls' School with students for the Higher Vernacular and English classes, and above all we are glad we have opened a way for helpless high caste widows to better their unfortunate condition and lead a life of usefulness and honor.

Under the head of encouragement to authors of Kannada and Sanskrit works, we beg to state that during this period, thirty-eight authors have received honorariums from us for having brought out forty-five works, some of them having written more than one work. A detailed statement containing the names of the authors and the works is also submitted.

I have the honor to inform you that D. I recommend that she may be given half her present pay during the period of training, a substitute being employed on the remaining half of the pay during her absence, and that she may be allowed to count her period of training as service qualifying for pension. No. 8531-33—Ed. 309, DATED BANGALORE, 23RD JANUARY 1900.

ORDER THEREON—The Principal of the Bangalore Central College is informed that in consequence of the increasing amount of work in the Geological Department, it has become necessary to entirely relieve Mr. Wetherell of the teaching of Geology at the College for the first six months of the year, and that it has accordingly been arranged, as a temporary measure, to depute Mr. V. S. Sambasiva Iyer, B. sc., L. C. E., Officiating 3rd Geologist, to give lectures in Geology up to the end of July 1900 instead of Mr. Wetherell, who will resume his teaching from 1st August 1900.

2. Mr. Cook's proposal to have one teacher only for all the work in the Geological Branch of the B. A. course is reserved for future consideration.

3. Mr. Srinivasa Rao, M. A., M. D., F. sc., (Edin.) will be required to lecture only in Palæontology in addition to Biology, the other two subjects, Stratigraphy and Geology of India taken by him last year being in future taken by Mr. Wetherell.

4. The courses of instruction to be given, which must be left largely to the Lecturers themselves, will be in conformity with the syllabus of the Madras University to which the College has been affiliated. The Lecturers will, so far as their work in the College is concerned, be under the orders of the Principal in the same way as the other members of the College Staff.

5. If it is found necessary that the Lecturers should each devote more than two hours a day to the students, say 3 or 4 hours on one or two days of the week, this can ordinarily be arranged by the Principal in consultation with the Heads of the Departments to which the Lecturers belong.

6. The arrangements herein ordered will take effect from 24th instant, when the College re-opens after the Christmas Vacation.

Correspondence ending with docket No. 5222—179, dated 17th December 1898, from the Inspector General of Education in Mysore, on the subject of revising the scale of pay of the establishment of the Government Oriental Library at Mysore.

Subsequent D. O. correspondence on the subject.

The following letter No. 6634—305, dated 20th January 1900, from the same Officer.

I have the honor to inform you that Pandit G. Ramaswami Sastri, Assistant Pandit of the Oriental Library, whose pay was Rs. 25 a month, recently died of plague. I recommend that the vacancy caused by his death may be filled up by the appointment of Pandit R. Shama Sastri, B. A., who, after passing the Vidwat Examination in Sahitya, studied English and passed the B. A., Degree Examination last year. A Pandit of Shama Sastri's qualifications is likely to do much useful work in the Oriental Library. As, however, the late Pandit G. Ramaswami Sastri's pay is too small for a scholar of Shama Sastri's qualifications, I recommend that he may be placed in Class C. IV with a starting pay of Rs. 60.

2. The late Pandit G. Ramaswami Sastri was engaged in translating the Yoga Ratnakara, for which work a knowledge of Hindu medical science is necessary. Some special arrangements will have to be made, even after Pandit Shama Sastri's appointment, to carry on the work.

3. I take this opportunity to invite your attention to the recommendations made in my letter No. 5934—190 of 8th January 1898. Panditaratnam Kasturi Rangachar and Mr. S. G. Narasimhachar have both done excellent work in editing and publishing rare Sanskrit and Kannada works and richly deserve promotion. I recommend that both of them may be placed in C. Class IV with a starting pay of Rs. 60. The Proof Reader on Rs. 15 has had very hard work to do. I recommend that his pay may be increased to Rs. 20. The three peons each on Rs. 6 and the sweeper on Rs. 4 have all worked satisfactorily for several years. As living is costly in Mysore and their work and responsibility have largely increased since the addition of the Artware Department to the Library, I recommend that each of them may be given an increase of rupee one and that an additional peonon Rs. 6 may be sanctioned. The present number of peons has been found to be quite insufficient, when the Curator or any of his Assistants has to go out of Mysore in search of manuscripts.

No. 8567-68—ED. F. 31-96, DATED BANGALORE, 24TH JANUARY 1900.

ORDER THEREON—**Under the circumstances represented in the letter read above, Government are pleased to sanction the appointment of R. Shama Sastri, B. A., who has passed the Mysore Vidwat Examination, as 2nd Pandit in the Government Oriental Library, Mysore, in Class C. IV (Rs. 50—½°—100) of the Education Department, with a starting pay of Rs. 60 per mensem, in the place of Assistant Pandit G. Ramaswami Sastri, deceased. Panditaratnam Kasturi Rangachar (Travelling Pandit who will hereafter be styled 1st Pandit) and S. G. Narasimhachar (Librarian), who are reported to have done good work in the Library, will also be placed in Class C. IV (Rs. 50—½°—100) with a starting salary of Rs. 60 each per mensem. The small increase of Rs. 5 recommended for the Proof Reader and of rupee one each for the menial servants, and the appointment of an additional peon on Rs. 6 per mensem, are also sanctioned.**

2. It is hoped that with the assistance of the present Pandits and of Shama Sastri, the translation of Yoga Ratnakara will be completed at an early date and that no special arrangements will be necessary.

Correspondence ending with the following letter No. 6557—301, dated 18th January 1900, from the Inspector General of Education in Mysore.

With reference to Government Order No. 7954—Ed. 284, dated the 11th instant, I have the honor to inform you that the two Government Girls' Schools at Bangalore have each one peon more than they actually need. If Government approve of the establishment of a school in each of the Malleswaram and Basavangudi Extensions, as proposed by me in my letter No. 4914—200, dated 28th November 1899, the two peons not wanted in the Girls' Schools will be transferred to the schools proposed for the extensions. A proposition statement does not therefore appear to be necessary. The only additional charge which requires the sanction of Government, and for which there is no provision in the current year's budget, is a contingent allowance of a rupee for each of the schools, and I request that Government may be pleased to sanction the charge as a special case from the General Savings of the current year's budget, and authorise its inclusion in the next year's budget.

No. 8823-4—Ed. 341, dated Bangalore, 29th January 1900.

Order thereon—**Government approve of the establishment of a Mixed School in each of the Malleswaram and Basavangudi extensions of the Bangalore City, as recommended by the Inspector General in the correspondence read above. The transfer of a teacher from each of the Government Kannada Boys' Schools at Upparhalli and in the Savar lines and that of two peons, one from each of the two Government Girls' Schools at Bangalore, are sanctioned as proposed.**

2. **The contingent allowance of Re. 1 per mensem, recommended for each school is also sanctioned, the charge being met, during the current official year, from General Savings in the Education budget, and included in the budgets of future years.**

The following letter No. 6519-297, dated 17th January 1900, from the Inspector General of Education in Mysore.

I have the honor to inform you that the IV Anglo-Vernacular Class of the Chikmagalur High School had about 58 boys throughout the year 1899 and the number in 1900 is expected to be about 65. The class requires to be split up into two sections, and it is necessary to employ an additional teacher. Under these circumstances, I recommend that a new hand in Class D. I. (Rs. 30 rising to Rs. 50) may be sanctioned. There are two vacancies in Class D. I. at present.

No. 8849-50—Ed. 343, dated Bangalore, 30th January 1900.

Order thereon—Sanctioned.

2. **One of the two vacancies referred to by the Inspector General in the letter read above, will be given to the new incumbent.**

JUDICIAL

Proceedings of the Government of Mysore,

EAD—

Letter No. 3871—118, dated Bangalore, 19th December 1899, from the Registrar of the Chief Court of Mysore, to the Secretary to the Government of Mysore.

I am directed to submit for the consideration of Government, the accompanying proposal in regard to Sessions work in the Ashtagram and Nagar Divisions.

2. The District and Sessions Judge of Ashtagram holds the Mysore Sessions at his head-quarters and proceeds to Hassan to hold the Sessions there. Similarly the Judge of Nagar Division while holding the Shimoga Sessions at his station, has to proceed to Chitaldrug and Chikmagalur for Sessions trials at those places.

3. From the weekly and monthly statements of work done by these Judges, it is seen that much time is taken up in travelling to and fro for the purpose of these Sessions and away from head-quarters. Besides, Sessions work is not unfrequently urged as the cause of delay in the disposal of civil work.

4. The Judges of this Court consider that the Hassan Sessions might be held at Mysore and the Chikmagalur and Chitaldrug Sessions at Shimoga. The money now spent on travelling expenses and batta for the Sessions Judges and their establishments could be applied to paying travelling allowances and batta to witnesses who have to attend at Sessions trials. Under the proposed arrangement accused persons will not be kept awaiting trial for more than a month, as at present, as the Sessions could be held monthly.

5. Since 1897 the Kolar and Tumkur Sessions in the Nundydroog Division are held at Bangalore and no inconvenience has been felt. The practice may, therefore, be extended with advantage to the other two Divisions also.

6. I am to request the favor of early orders so that the scheme may be brought into force from the beginning of the new year.

No. 7797-800—J. 715, DATED BANGALORE, 8TH JANUARY 1900.

ORDER THEREON—The above proposal of the Chief Court is approved.

No. 7966-67—J. 734, DATED BANGALORE, 12TH JANUARY 1900.

ORDER THEREON—The period for which the Punitive Police Force for Gangam, Kollegalapatam and neighbouring villages was sanctioned in Government Proceedings No. 1251-52—J. 821, dated 23rd December 1898, having expired on 23rd December 1899, the Inspector General of Police reports in the letter read above that the Deputy Commissioner, Mysore district, has ordered its discontinuance from the date aforementioned. The Government approve of the action of the Deputy Commissioner as the Inspector General apprehends no risk in abolishing the Force, and it is presumed that the Deputy Commissioner is assured of the future good conduct of the

inhabitants. The Inspector General, however, recommends the entertainment of an additional Police Force, of the strength noted in the margin, for Ganjam and Seringapatam. This the Government are pleased to sanction tentatively, for one year, subject to a report being submitted by the Inspector General of Police at the end of that period as to the necessity or otherwise or its continuance. The date of entertainment of this additional Force should be reported.

2. The Inspector General's separate proposals with regard to the establishment of a Police sub-station at Kyatanahalli and the conversion of Damadahalli into an Ukkad, promised in para 7 of his letter, will be awaited.

3. The Government agree with Mr. Rangaswamaiengar in considering that the location of a separate Special Reserve Force at Seringapatam is unnecessary.

READ—

Letter No. 2528—209, dated 29th December 1899, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to Government Proceedings No. 5718—J. 508, dated the 17th November 1899, requesting that the explanation of the Police Inspector of Chintamani might be called for and submitted for the irregularity of having examined the husband of the infant-bride as a witness in the Iragampalli infant marriage case of the Chintamani taluk, instead of prosecuting him as one of the accused persons for the offence, has the honor to forward herewith copy of docket No. 157, dated the 18th instant, from the Deputy Commissioner, Kolar district, together with its enclosures, in original, being the explanation of the Police Jamadar Venkataramana Naidu of Sidlaghatta taluk who was then acting as Inspector of the Chintamani taluk.

2. It will be observed from the above that, as stated by the Deputy Commissioner, the Acting Inspector took out processes only against the persons noted in the margin of the Government Proceedings No. 14505—J. 1773, dated 30th June 1899, omitting, by oversight, the husband, Anniya, who was referred to in the body of the Proceedings. The Inspector does not know English and the Kanarese order of the Superintendent forwarding copy of the Government Proceedings, did not clearly specify the names of the persons to be prosecuted. This omission should have been noticed by the Police Superintendent or his office, if the investigation proceedings had been properly supervised. The District Magistrate who tried the case also, apparently failed to detect the mistake.

3. Under these circumstances, the undersigned thinks the case does not appear to have been properly handled from start to finish and that the Superintendent of Police of Kolar district is equally to blame for the irregularity.

No. 8210-20—J. 748, DATED BANGALORE, 18TH JANUARY 1900.

ORDER THEREON—The explanation of the late acting Inspector of Chintamani cannot be deemed satisfactory, and the Government regret to observe that the blame for the irregularity under notice does not stop short with him. It was the Superintendent's duty to have given detailed instructions to the Taluk Police, but so far from doing so, he simply forwarded a copy of the Government Proceedings No. 14805—J. 1773, dated 30th June 1899, under cover of a Kannada order to the Amildar of Chintamani, without mentioning the names of all the parties who had to be prosecuted. It was this omission which has in no small degree contributed to the failure to prosecute the husband of the infant-bride. It is disappointing that the latter omission was not noticed by the District Magistrate who tried the case, and Government trust that such cases will in future be handled with greater care.

Government Proceedings No. 7978—J. 886, dated the 16th January 1896, directing that during the temporary absence of a Special Sub-Registrar on short leave and when it is found impracticable to depute a separate officer to act for him, the existing practice of requiring the Amildars or Taluk Sheristadars to act as Sub-Registrars, may be continued; and requesting the Inspector General of Registration to submit for the orders of Government definite proposals on the subject of granting remuneration to the acting incumbent in such cases.

READ—

Letter No. 341, dated the 13th December 1899, from the Inspector General of Registration in Mysore to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to state that in his docket No. 14, dated 19th July 1899, (herein enclosed), the District Registrar of Bangalore, recommends the grant of some allowance to the Taluk Sheristadars whenever they do registration work during the absence of the Special Sub-Registrars on leave and that similar recommendations have been received also from the Registrars of some of the other districts. In their Proceedings No. 7978—J. 886, dated 16th January 1896, the Government have also observed that it was but fair that the Taluk Sheristadars who act for Sub-Registrars on leave should be allowed some remuneration in proportion to the work done by them. I would accordingly now propose that whenever Taluk Sheristadars are temporarily put in charge of Special Sub-Registry offices, they may, in future, be granted, for the number of days they actually perform registration work, a commission of 25 per cent on the collections made by them, subject to a maximum of Rs. 15 a month. Before the opening of Special Sub-Registry offices, these Taluk Sheristadars who were the *ex-officio* Sub-Registrars in their respective taluks were getting a commission of Rs. 50 per cent of the monthly collections subject to a maximum of Rs. 30. Out of this, they were paying from Rs. 12 to Rs. 15 to the Registration clerks under them, their actual remuneration thus amounting to a maximum of only Rs. 15 a month. But now that a permanent clerical establishment has been attached to all the Special Sub-Registry offices, the Taluk Sheristadars who may act for the Special Sub-Registrars are not required to pay anything to the clerks. Hence it is that I have now reduced their commission to 25 per cent and that subject to a maximum of Rs. 15 a month, and request that my proposal may kindly be sanctioned by Government at an early date as several references on this subject are now pending disposal in my office. I also append below the Madras Rule on the subject for the information of Government:—

> "The commission payable to the acting officers is 20 per cent on the collections made by the officer, subject to a maximum amount calculated at the rate of Rs. 50 per mensem for the number of days the officer has actually been in charge of the office."

No. 8224-33—J. 752, DATED BANGALORE, 18TH JANUARY 1900.

ORDER THEREON—The Inspector General's proposal, contained in the letter read above, is sanctioned, and Taluk Sheristadars who are placed in temporary charge of Special Sub-Registry offices may accordingly, be allowed a commission of 25 per cent on the collections made by them, subject to a maximum of Rs. 15 per mensem. A special note of the extra charges thus incurred should be made by the Inspector General in his annual reports.

No. 8477-78—J. 772, DATED BANGALORE, 22ND JANUARY 1900.

ORDER THEREON—The Comptroller having, subsequent to the receipt of the letter read above, arranged to spare one of his trained Auditors named Gopaliengar, for the purpose of examining the accounts in question, his services will be placed at the disposal of the Chief Court for a period of three months, within which time, it is hoped, the examination of the accounts would be completed. If an extension of

time is deemed necessary a separate application may be made. The Comptroller is authorized to employ a substitute for Gopaliengar during his absence.

Letter No. 405, dated the 20th December 1899, from the District Magistrate of Kadur, submitting record in Criminal Case No. 16 of 1899-1900, on the file of the Amildar-Magistrate of Chikmagalur (complainant Piria *versus* Billo Gauda, accused of an offence under the Cattle Trespass Act) together with an application from Mr. Gowans, the master of the complainant, and suggesting that an appeal may be preferred to the Chief Court against the order of acquittal of the accused passed by the Amildar-Magistrate.

No. 8663—J. 790, DATED BANGALORE, 26TH JANUARY 1900.

ORDER THEREON—In the face of the opinion of the Government Advocate, the Government are not prepared to say that in this case there has been a miscarriage of justice of such an extraordinary character or importance as to justify an appeal to the Chief Court against the order of acquittal. The record will be returned to the District Magistrate.

C. SREENIVASIENGAR,

To—The District Magistrate of Kadur (with the records received with the letter read above).

Letter No. 8061—J. 740, dated Bangalore, 15th January 1900, from the Secretary to the Government of Mysore to the First Assistant to the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 4502—301-99, dated 6th October last, in regard to a complaint made by the District Magistrate of Coorg as to non-service of processes issued under Act XIII of 1859 and release of accused on insufficient bail and to reply as follows:—

2. The representation of the District Magistrate of Coorg is twofold:—

1stly—Labourers arrested under warrants issued by Magistrates in that Province under Act XIII of 1859 are often released on insufficient or pauper bail.

2ndly—Such warrants and the notices to sureties are frequently returned unserved in cases in which the persons on whom they are to be served are well known to be present in their villages.

In the list appended to your letter under acknowledgment 12 cases are cited against the Mysore district, six against Hassan and two against Tumkur in which the accused were admitted to bail but not produced on the day of hearing by the sureties according to their bail bonds. The list, however, does not indicate in how many of these cases action was taken against the defaulting sureties and with what result. The Mysore District Magistrate cites three cases in which the amount of the bail bond has been actually recovered and sent to the District Magistrate of Coorg and leaves it to be inferred that a similar requisition was not made by that Magistrate in the remaining nine cases. The Tumkur District Magistrate does not admit that insufficient bail was taken in the two cases shown against his district. In the absence of any information as to what proceedings, if any, were taken by the Magistrates in Coorg against the defaulting sureties and with what result, it cannot be presumed that the sureties were not men of substance. From the enclosed copies of the marginally noted letters received from the District Magistrates of Mysore and Tumkur, it will be seen that so far as the cases appertaining to these two districts are concerned, there is no room for complaint. With regard to the six cases of the Hassan district the Deputy Commissioner reports that owing to the failure of the coffee crops in the district several persons, ostensibly reputed to be in well-to-do circumstances, are not really so and consequently the Police experience difficulty in deciding upon their real worth.

No. 538, dated 9th December 1899, from the District Magistrate, Mysore.
No. 413, dated 11th November 1899, from the District Magistrate, Tumkur.

3. In the list appended to your letter, 17 more cases are shown against the Hassan district. In 13 of them, it is alleged that warrants have been returned unexecuted and that in the remaining four cases, the warrants have not been returned at all. As regards the former, the Police Assistant of the district reports that he has not been able to enquire and report as to the cause of non-execution in each case, as the list in question gives the bare names of the defaulting coolies without details as to their village, caste, father's name, &c. So far as he has been able to gather from the registers kept in the taluks, the Assistant Superintendent reports that the non-execution of the warrants in many cases is attributable to the absence of defaulting labourers, and in some cases to (i) the insufficiency of the time allowed for the execution of the warrant and (ii) the failure of the parties concerned to help in spotting the person to be arrested. The District Magistrate promises a further report in regard to the four cases in which the warrants are reported to have not been returned to the issuing Magistrates, if a detailed descriptive list be given of the accused. Should it be deemed necessary to pursue the enquiry further, I am to request that the District Magistrate of Coorg may be kindly asked to afford the additional information required to enable our officers to direct their enquiries in the proper quarter.

4. As to the steps to be taken to ensure speedy and proper execution of the warrants issued under Act XIII of 1859, I am to state that it is desirable that in each case, the complainant should be required to send an agent or other person with the warrant for the purpose of assisting the Police in making the arrest and in identifying the individual to be arrested and who would also be in a position to take objection on reasonable grounds to the surety or sureties offered. All the District Magistrates in Mysore will be asked to issue instructions similar to those issued by the Deputy Commissioner of Mysore requiring the Police to obtain the Village Officer's endorsement on the warrant certifying to the absence of the accused where the warrant cannot be executed owing to such absence and enjoining on all subordinate Magistrates, the necessity for making proper enquiries regarding the solvency of sureties in cases in which the accused persons are admitted to bail.

Letter No. 73, dated 19th October 1899, from the President of the Bangalore City Municipal Commission, submitting the explanation called for in Government Proceedings No. 3047-52—L. F. 72-98, dated 1st September 1899, in regard to the budget estimates of the Bangalore City Municipality for 1899-1900.

No. 7786-7—L. F. 72-98, DATED BANGALORE, 8TH JANUARY 1900.

RECEIPTS.

ORDER THEREON—*Octroi.*—The estimate under this head already sanctioned will stand, pending the submission of a supplemental budget including the revenue expected from the extension of Octroi sanctioned with effect from 1st January 1900.

Para 2 of Government Proceedings. Para 2 of President's letter.

2. *XI. Grant-in-aid.*—Of the special grant of Rs. 10,500 sanctioned in para 5 of Government Proceedings No. 13597-600—L. F. 126-95, dated 9th June 1897, to meet the urgent requirements of the city in carrying out precautionary measures against plague, it is reported that no portion was credited to the Municipal Funds, though an expenditure of Rs. 14,313-7-8 was incurred therefrom on such works

and has been shown in the Municipal accounts as a Municipal charge. Under these circumstances, Government are pleased to authorise the Comptroller to give effect to the said special grant and to place the amount thereof (*viz.* Rs. 10,500) at the disposal of the President with a corresponding debit to Provincial Funds. The sum of Rs. 10,500 will accordingly be now shown in the budget under the head of "Grant-in-aid."

3. *Loans.*—In consideration of the present financial difficulties of the Municipality, the Government are pleased to sanction a further loan of Rs. 40,000 on the distinct understanding that the loan shall be repaid with 4 per cent interest by annual payments of not less than Rs. 10,000. A sum of Rs. 40,000 will accordingly be now entered under the head of "Loans."

4. *X. Miscellaneous.*—For reasons now explained, a sum of Rs. 400 will be entered under the head "Payments for services rendered to individuals."

Para 9 of Government Proceedings. Para 6 of President's letter.

5. *Opening Balance.*—In lieu of the debit balance of Rs. 14,479 entered in the original budget, the sum of Rs. 3,973, which is the actual minus balance according to the Comptroller's accounts for 1898-99, will be entered under this head.

Para 3 of Government Proceedings. Para 3 of President's letter.

EXPENDITURE.

6. *IV. Conservancy (b) Other Charges.*—For reasons now explained, the provision for the Amani system of conservancy carts will be raised from Rs. 504 to Rs. 6,048.

Para 7 of Government Proceedings. Para 5 of President's letter.

8. The other provisions call for no remarks.

9. The budget estimates of receipts and expenditure as now revised will stand as per particulars given below :—

He will also submit to Government such suggestions as he may deem fit to make, for the improvement of the system of account-keeping in the said office. Government would further be glad to have from him a report as to whether any rules or orders are required to prevent a recurrence of the irregularities of the kind recently brought to notice. The Vice-President should give his most careful attention to the monthly accounts prepared and submitted to the Board and to Government, and he will be held personally responsible for the strict accuracy of those accounts and for keeping the President and the Board regularly informed, every month, of the exact financial position of the municipality. The Comptroller will suggest any improvements required in the forms of the monthly accounts now published.

12. Government take this opportunity to note that the condition of the finances of the Municipality demands energetic and sustained action on the part of the Board and its Executive Officers. The Municipal income of the Bangalore City is not what it should be for its size and importance. The taxation is in urgent need of revision and should be brought up to the standard of what obtains in similar cities elsewhere.

The Government has already spent large sums of money on measures of plague prevention which elsewhere is a charge on municipal revenue, on the water-supply of the City and on its improvement in various ways, chiefly by means of the western and northern extensions already carried out and the Malleswaram and Basavangudi extensions now under progress. There still remain several large works to be carried out, such as the drainage of the City. These works have been investigated by the Sanitary Superintending Engineer and estimates for them are in various stages of preparation by that officer. The funds for carrying them out must be provided by the Municipality out of its ordinary income supplemented, where necessary, by means of a loan raised by the Board in the open market on the security of the Municipal income. But before any such loan can be raised, the Municipality has to place its income and expenditure upon a satisfactory basis, and to draw up a sound programme for the repayment of the required loan. With such a programme before it and with proper safeguards for its punctual fulfilment, the Government will be able to sanction the raising of the loan with a definite Government guarantee for its due repayment.

Letter No. 5205—1094, dated the 16th June 1899, from the Deputy Commissioner, Kolar district, bringing to notice that the reservation under para 2 of Government Order No. 3957-66—R. 1228, dated 2nd November 1897, of all unoccupied lands within five miles of a mining property is causing hardship to the raiyats by largely reducing the extent of land available for cultivation.

No. 4691—R. 1480, DATED BANGALORE, 3RD JANUARY 1900.

ORDER THEREON—Under the circumstances represented, the Government resolve, in modification of the provision in para 2 of Government Proceedings No. 3957-66—R. 1228, dated 2nd November 1897 to throw open for cultivation the aforesaid lands, excepting those that have been taken up for the extensions. READ THE FOLLOWING PAPERS—

(1) Letter No. 767, dated 30th May 1899, from the Deputy Commissioner, Tumkur district.

I have the honor to state that a loan for the construction of an irrigation well in land Survey No. 87 was granted to one Vasudevappa of Chikkahalli, Pavagada taluk. He failed to complete the work in accordance with the terms of the agreement executed by him. Consequently his land was sold when one Chikkakanda Subbaiya bought it for Rs. 56 and deposited ¼th of the amount, namely, Rs. 14 on the same date. As Chikkakanda Subbaiya failed to pay the balance of Rs. 42 within the period allowed for the purpose, his bid was rejected and a fresh sale was ordered. Before the second sale was held Vasudevappa completed the well. As the second sale was not conducted, I beg to recommend that the amount of Rs. 14 paid by C. Subbaiya at the first sale may be refunded to him. A refund bill is herewith submitted for sanction.

2. The vernacular records connected with the matter are herewith submitted for reference.

(2) Memo No. 2974—R. 959, dated 9th October 1899, forwarding the above to the Government Advocate for opinion.

Copy of the above together with the vernacular papers is forwarded to the Government Advocate for opinion with reference to the following observations :—

2. Under Section 181 of the Mysore Land Revenue Code if default be made in the payment within the prescribed period of the full amount of the purchase money, the deposit after defraying thereout the expenses of the sale, shall be forfeited to Government and the property re-sold. In para 2 of Government Proceedings No. 1758-65—R. 659, dated 10th August 1895, it is directed that it is only after the deposit made by the purchaser at the first sale is forfeited that a second sale should be ordered.

3. It will be seen from the papers that in the present case the first sale was held on 10th May 1898 and that the balance of the purchase money not having been paid till the 28th May 1898, an order for re-sale was issued after forfeiting the deposit and directing the return of the balance of purchase money. In the receipt given by Subbaiya on the 23rd July 1898 for the return of the balance of purchase money, the forfeiture of the deposit money was acquiesced in by him.

4. The facts being so the point at issue is whether Subbaiya is entitled to the refund of the deposit money on the ground that the second sale was not held as Vasudevappa completed the well in the meantime.

(3) Letter No. 87, dated 7th November 1899, from the Government Advocate in Mysore.

With reference to the memo No. 2974—R. 959, dated the 9th ultimo, I am of opinion that the purchaser is not entitled to the refund of the purchase money.

The enclosure of the above memo is herewith returned.

No. 5425-6—R. 1704, DATED BANGALORE, 29TH JANUARY 1900.

ORDER THEREON—The Government observe that under Section 181 of the Land Revenue Code the deposit is liable to forfeiture whether a second sale is held or not. Moreover, the defaulting purchaser was aware of the forfeiture of the deposit and did not object thereto when he gave the receipt for the balance of the purchase money returned to him on 23rd July 1898.

2. The Government decline therefore to sanction the refund recommended by the Deputy Commissioner.

FOREST

Proceedings of the Government of Mysore,

READ AGAIN—

The following Government Order No. 7597-9—Ft. F. 25-98, dated the 22nd April 1899, regarding the reservation of Yemmedoddi, Kamenahalli and Churchegudda Amruth Mahal kavals in the Kadur district.

The questions raised in this correspondence relate to the proper conservancy and control of three Amrut Mahal kavals, *viz.*, Yemmedoddi, Kamenahalli and Churchegudda, covering an area of 35,000 acres in the Kadur district. The control was vested in the Forest Department by an arrangement sanctioned by Government in 1890, but it is now brought to notice that, on account of the internal difficulties in the working of the arrangement then sanctioned, the control remained only nominal.

2. It is agreed by all the authorities concerned that some better arrangement than what at present exists is necessary in the interests of this important forest tract which is fast deteriorating. The head waters of the great irrigational systems of Madag and Ayyankere tanks are included in this tract and the strict and careful conservancy of forests all along the courses of the Veda, the Avati and the Gowri streams presses itself as of foremost exigency. Under these circumstances, there can be no doubt that the control vested in the Forest Department should be real and practical. There seems also at present to be a want of proper and adequate arrangement for the stopping of forest fire, the destructive effect of which has been referred to so prominently by the Deputy Commissioner of Kadur.

3. The largest interest in these kavals outside the Forest Department is possessed by the Amrut Mahal Department and the Officer in charge of that Department has made very reasonable proposals for the safeguarding of his requirements. He has no objection to the full control being exercised by the Forest Department but wants for his Department:—

(1) Grazing for nearly ten months in the year for his own cattle, those of his own subordinates, such as sarvegars, &c., and also some cattle of the villagers. The number of these he estimates at 1,000.

(2) He proposes that the privilege of giving licenses to the villagers' cattle to the number of 300 every year should be continued to the sarvegars of the Amrut Mahal Department, so that they may maintain their prestige and influence among the villagers. He agrees that these passes may be given through the Officers of the Forest Department.

(3) He also thinks that the whole of the kavals should be divided into three blocks and used for the cattle above mentioned by rotation.

4. These proposals commend themselves to Government as very fair, and are sanctioned. While the privilege of issuing passes retained in the sarvegars preserves to them their prestige, the Forest Department will be under no difficulty to know the extent to which this privilege has been availed of and will be able to effectively control and regulate the grazing, thus preventing all the causes of mischief to the forest. The reservation sought by the Officer in charge of the Amrut Mahal Department is necessary and ought not to be interfered with.

5. Then with regard to the proper conservancy of this tract, it is unnecessary to go further than simply notify at present that it is a protected forest under the management of the Deputy Commissioner subject to the general control and supervision of the Forest Conservator. The tract comprising the head waters of the streams already mentioned should be strictly conserved and all cutting be stopped. Subject to the grazing rights of the Amrut Mahal Department, this tract must be dealt with as a close State Forest. The rest of the kaval may be divided into three or more blocks as may be decided upon by the Conservator of Forests, but subject always to the requirements of a herd of 1,000 head of cattle to be provided for as stated by Major Jones. These blocks should be worked by rotation. The Deputy Commissioner will further investigate into the rights and privileges of the neighbouring villagers and for this purpose will depute an Assistant Commissioner and the District Forest Officer. Further orders will be passed regarding the reserving of this tract as a State Forest after the investigation now ordered is completed and the result reported through the Conservator of Forests with specific proposals. In the meanwhile, the existing facilities enjoyed by the villagers for obtaining fuel and grazing in this tract

will not be materially curtailed or interfered with, though, of course, the same will be brought under strict and effective regulation so as to prevent unnecessary mischief to the forest.

6. A report will be submitted on the result of the working arrangement now sanctioned, after two years.

READ ALSO THE FOLLOWING PAPERS ON THE SUBJECT—

Letter No. 851—161, dated the 28th August 1899, from the Conservator of Forests in Mysore.

Adverting to para 5 of Government order No. 7597-9—Ft. F. 25-98, dated the 22nd April last, I have the honor to forward copy of letter No. 86, dated the 14th instant (with two enclosures), from the Deputy Commissioner, Kadur, reporting upon the enquiry into and settlement of the forest rights and privileges of the villagers in the vicinity of the Yemmedoddi and other kavals. A map indicating the position of the kavals and of most of the villages concerned is also forwarded.

2. I recently had the advantage of meeting in conference the Deputy Commissioner and District Forest Officer and of discussing with them these papers and connected questions.

3. The settlement now proposed for the approval of Government is far more advantageous in the interests of forest conservancy than what was suggested in para 11 of Mr. Carr's letter dated the 27th July 1898. There are some matters in which my opinion does not coincide with that of the present Deputy Commissioner. Thus it is proposed to record, in respect of the Kamenahalli kaval, that 20 villages may each pasture 20 head of cattle. Some of the villages, however, cannot, I think, be fairly considered "neighbouring" in terms of the Government order, and the cattle are mainly draught cattle which stand, in my view, precisely on the same footing as draught cattle brought from still more distant localities, even from the Hassan district, and customarily pastured in the kavals. But though the principle involved seems to be important, I am not prepared to press an objection to the Deputy Commissioner's proposals on this head, the more so that the number of cattle entered in the lists is not great. After discussing with the Deputy Commissioner this and other points which seemed to me open to question, I recommend Government to accept the concessions proposed.

4. There remains, however, the important question of grazing fees to be charged. Sheep and goats are not to be admitted under any circumstances, and the Deputy Commissioner has found that pasture, free of payment, cannot be claimed by the villagers for their cattle. The people have always paid for the grazing either in cash or in kind; the only change proposed is that whereas the fees have hitherto profited the subordinates of the Amrut Mahal Department, they will (with the exception of fees for 300 cattle) find their way to the Government Treasuries In respect of grazing fees generally, the cattle should, I submit, be considered as comprised in the following two categories:—

(*a*) Cattle belonging to the neighbouring villages, according to the numbers and names, specified in the settlement lists; and

(*b*) all other cattle (with the exception of cattle to be pastured in connection with the Amrut Mahal herds) which may be admitted to graze upon payment.

5. Cattle comprised in (*a*) have, I submit, a claim to be liberally dealt with in the matter of fees. The Deputy Commissioner proposes a fee of 4 annas per head per annum; and although this rate appears to me if anything too low, lower probably than the fee customarily paid at present, it may, I think, be tentatively adopted. I would urge, however, that this fee should not be malterably fixed. The neighbouring raiyts, as already observed, cannot claim free pasturage; and as the monetary value of the concession allowed to them may vary from time to time, the grazing fee should be subject to alteration.

6. The outside cattle falling under head (*b*) are on a different footing altogether. Many of them are draught cattle, engaged in highly profitable works not directly connected with agriculture. They graze only for three or four months each year, and it is reported that, under the custom heretofore in vogue, the fee actually and voluntarily paid for these animals has been as much as Rs. 2 per pair per mensem. The degree of forest improvement which may be possible under the Government orders of the 22nd April last will largely depend upon the regulation and, if necessary, the curtailment of the burden of grazing under this head. As the large revenue realized in past years has not been controlled by Government, it cannot be said at present what fee should be determined upon with reference to the demand for fodder, to the supply of grass and to the effect of the grazing upon forest improvement. It is certain that the pasturage is greatly appreciated, that many cattle, even from distant places, have depended upon the kavals for their supplies; and that high fees have been voluntarily paid for pasturage. A beginning, so

far as Government is concerned, has to be made ; and I propose to charge for the present Re. 1 per head for all cattle under (*b*) admitted to the kavals for any period between the 1st June and the 30th September, and to close the forests to grazing under this head during the remainder of the year. The proposed initial fee of Re. 1 may appear high; but I venture to suggest that the real value of grass fodder in Government forest estates is imperfectly appreciated. Thus in Hassan certain lands, now under the Forest but formerly controlled by another Department, actually yield a revenue exceeding one rupee per acre on account of grazing alone. Some portions of the kavals now in question are still more valuable for grazing purposes.

8. In para 5 of the orders of April last, it is stated that further orders will be passed regarding the reservation of these kavals. I beg to suggest that drawing up records and preparing rules of management cannot be expected to be very beneficial unless machinery is provided to enforce the rules and to punish injury to the forest. Unless the kavals are constituted State Forests, efficient management and protection must be difficult or impossible. There are, I learn, a coffee estate and a number of other occupied lands within these forests not mentioned in the present correspondence. The position, status and limits of these lands will have to be ascertained and recorded in a further enquiry which, I recommend, should be undertaken with a view to the reservation, as State Forest, of the entire tract.

9. Meanwhile, in agreement with the Deputy Commissioner, I would urge that, if Government approves the village settlement, orders should be issued as soon as possible, and that the two enclosures of the Deputy Commissioner's letter of the 12th instant should be printed and circulated to all concerned.

10. I beg to submit, in original, and for favor of return, when no longer required, the marginally noted papers which further elucidate the case. It will be observed that the District Forest Officer has submitted a forest working-plan for the whole tract. Apart from the fact that the plan requires revision on technical points, it will be impossible to say what the plan of management will be untill the burden of the grazing and other concessions in favor of the adjoining villagers, has been settled, and untill the tract comprising the head waters of the streams mentioned in the Government Order—a tract which includes the whole or the greater part of the kavals—has been determined. These and other points in regard to which local officers and I are in doubt, will be duly considered. At present, the most pressing matter for decision is the separate question of concessions to villagers.

Kadur Amildar's report, dated 26th June 1899.

(Enclosures to the above).

(1) Letter No. 21, dated 11th July 1899, from the District Forest Officer, Kadur district, to the Conservator of Forests in Mysore, (through the Deputy Commissioner, Kadur district).

With reference to Government Proceedings No. 7597-9—Ft. F. 25-98, dated 22nd April 1899, passing orders on the question raised relating to the proper conservancy and control of Yemmedoddi, Kamenahalli, and Chunchegudda Amruth Mahal kavals, I have the honor to submit herewith my report on the investigation into the rights and privileges of the neighbouring villagers, together with proposals for working the above kavals.

2. As ordered by the Deputy Commissioner, the question of rights and privileges of the neighbouring villagers was thoroughly gone into by the local Revenue Officers, Amildars of Chikmagalur and Kadur. No pains were spared to get at the truth of the matter, the evidence of servegars, kavalgars, patels, shanbhogs and villagers were taken (a summary of which is attached). After considerable arguments were raised for and against, we unanimously came to the conclusion that certain rights has been exercised by the neighbouring villages for a considerable time in the kavals. Free grazing have not been included in these rights, for at a glance it can be seen that the inhabitants of the surrounding villages are mostly cattle farmers as well as cultivators, and not necessarily so, as the cultivations are not confined to localities, certain gomal lands have been assigned to the villagers which would have been sufficient had they not taken to cattle-forming. Because of the combined system of cattle-farming and tillage in vogue, it follows that pasturage for the cattle was got somewhere, that somewhere being the kavals under reference and, the wholesale grazing and cutting of firewood hitherto without a thought as to the future resulted in the question being taken up by the Forest Department. Provisions will be made for grazing on payment, this will be no hardship as the villagers have been paying for it either in money or kind (to the servegars).

3. Every village within 20 miles of the kavals claim to have a right * to graze, cut firewood, and wood for agricultural implements. It does not seem to be necessary here to go into details of the rights or non-rights of each village, sufficient to say that the question was thoroughly gone into on the spot and certain rights admitted.

* In this report the word "Right" is wrongly used. The Deputy Commissioner in conference yesterday, admitted that there were really no legal rights, and Government does not recognize private rights in such lands (Proceedings No. 619-19 of 27th April 1881). We had better write of all these users as privileges allowed by the Government.

23rd Aug. 99. (Sd.) J. L. PIGOT.

4. There are six kinds of rights which present themselves forcibly.—

1st. Rights for firewood.

2nd. Rights on grazing.

3rd. Rights on wood for agricultural implements.

4th. Rights of way to water (Aiyankere and Madag tanks).

5th. Rights to graze draught bullocks which depend wholly on the kavals during the rains as they can get no grazing elsewhere and can get no work; this right might be admitted as grazing will always be allowed on payment of fees (which they are prepared to pay).

6th. Roads as shown in maps and dealt with in the preliminary working-plan.

5. *No. 2 rights to graze* as already stated will be allowed on payment.

Nos. 1 and 3 rights to cut firewood and wood for agricultural implements, will be given free on the license system.

No. 4 rights of way to water, will be allowed.

No. 5 rights to graze drought bullocks, on payment as hitherto.

This is a special kind of use. It is not local, as many of the cattle come from other taluks and even from Hassan.

(Sd.) J. L. PIGOT.

No. 6 rights of way on roads, admitted.

6. The following are the villages referred to, and the rights claimed by each which are admitted :—

3. Every village within 20 miles of the kavals claim to have a right * to graze, cut firewood, and wood for agricultural implements. It does not seem to be necessary here to go into details of the rights or non-rights of each village, sufficient to say that the question was thoroughly gone into on the spot and certain rights admitted.

* In this report the word "Right" is wrongly used. The Deputy Commissioner in conference yesterday, admitted that there were really no legal rights, and Government does not recognize private rights in such lands (Proceedings No. 619-19 of 27th April 1891). We had better write of all these users as privileges allowed by the Government.

23rd Aug. '99. (Sd.) J. L. PIGOT.

4. There are six kinds of rights which present themselves forcibly.—

1st. Rights for firewood.

2nd. Rights on grazing.

3rd. Rights on wood for agricultural implements.

4th. Rights of way to water (Aiyankere and Madag tanks).

5th. Rights to graze draught bullocks which depend wholly on the kavals during the rains as they can get no grazing elsewhere and can get no work; this right might be admitted as grazing will always be allowed on payment of fees (which they are prepared to pay).

6th. Roads as shown in maps and dealt with in the preliminary working-plan.

5. *No. 2 rights to graze* as already stated will be allowed on payment.

Nos. 1 and 3 rights to cut firewood and wood for agricultural implements, will be given free on the license system.

No. 4 rights of way to water, will be allowed.

No. 5 rights to graze drought bullocks, on payment as hitherto.

This is a special kind of use. It is not local, as many of the cattle come from other taluks and even from Hassan.

Orders regarding Officers' pay.—

1. The allowances for Adjutant, Quarter Master and Riding Master will be drawn by the Jemadars holding the appointment.

Officers will, in future, be promoted regimentally as vacancies occur, according to fitness, and will no longer receive increase of grade pay by mere length of service in any grade.

Officers proceeding on leave of absence (other than 10 days' casual leave) will forfeit the allowance (if any) of their regimental appointment, and merely draw the grade pay of their rank.

When the allowances of a regimental appointment become thus available they will be drawn by the officer who officiates in the vacant appointment.

An officer is not permitted to draw the allowances of two regimental appointments.

When therefore an officer officiates in an appointment with higher allowances than his own, he must relinquish the allowances of his permanent appointment to the junior appointed to act in his place.

Absence on leave of a Regimentdar or Resaldar, or a Jemadar who is either Adjutant, Quarter Master or Riding Master, will thus invariably give a temporary increase of pay to a certain number of Junior Officers, the number so benefited will depend on the regimental position of the absentee.

GOOD CONDUCT PAY.

2. In addition to the rates of pay set forth above, Government are pleased to sanction good conduct pay for Non-Commissioned Officers and Sowars on the following terms :—

To Non-Commissioned Officers above the grade of Lance Daffedars—

After	2 years'	good service in the grade	...	Re. 1	per mensem.
Do	4	do	...	Rs. 2	do
Do	6	do	...	„ 3	do
Do	10	do	...	„ 4	do

To Lance Daffedars and Sowars—

After	3 years'	good service	...	Re. 1	per mensem.
Do	6	do	...	Rs. 2	do
Do	10	do	...	„ 3	do

The following conditions and rules regulate the receipt, forfeiture and restoration of good conduct pay :—

Receipt of Good Conduct Pay.—

(*a*) A necessary condition of the receipt of any rate of good conduct pay is that the Sowar has not, within two years preceding the completion of his qualifying service, been convicted of any offence by a Court Martial, or been twice entered in the Regimental Defaulters' Book as having been awarded any of the following punishments :—

(i) Any award of imprisonment ;
(ii) Confinement to Lines of 15 days or more.

Service under 16 years of age and service until the full donation on account of Chanda has been paid up does not count towards good conduct pay.

(*b*) A Sowar shall not be advanced to a higher rate of good conduct pay unless he shall have been in the uninterrupted receipt of the next lower rate for two years immediately preceding his claim. But a re-enlisted Sowar, allowed to count his previous service, will at once be allowed the rate of good conduct pay to which his total service may entitle him.

Forfeiture of Good Conduct Pay.—

(*a*) On conviction of any disgraceful conduct, a Court Martial may, in addition to any other punishment which it is empowered to award, sentence the offender to forfeit all advantages as to good conduct pay which might otherwise have accrued from the length or nature of his former service, or to forfeit all such advantages absolutely, whether past or future.

(*b*) Good conduct pay shall not necessarily be forfeited on the infliction of a minor punishment, but forfeiture thereof may be awarded as substantive punishment, either by order of the Commanding Officer or by sentence of Court Martial as the case may be.

(*c*) Forfeiture of good conduct pay may be awarded in addition to any other minor punishment.

(*d*) Whenever a person in receipt of good conduct pay is convicted by a Court Martial, his good conduct pay shall cease.

(*e*) Forfeiture of good conduct pay when awarded by a Commanding Officer is restricted to one rate of such pay only for each offence recorded in the Regimental Defaulters' Book.

Restoration of Good Conduct Pay to a Non-Commissioned Officer.—A Non-Commissioned Officer reduced to the ranks, but not sentenced to forfeiture of advantage accruing from former service, will receive the rates of good conduct pay of such service in addition to his pay as Sowar, subject only to reduction of one rupee a month for one year from the date of the offence for which he may have been reduced, or of the execution or the termination of the sentence passed upon him for such offence.

Restoration of Good Conduct Pay to other ranks—

(*a*) A Sowar who has forfeited his good conduct pay either by award of a Court Martial or as a consequence of conviction by a Court Martial or by order of his Commanding Officer, must serve for one year without an entry in the Regimental Defaulters' Book, before he will be eligible for restoration to each rate he may have forfeited.

(*b*) A Sowar who, within twelve months of any previous forfeiture, is again convicted of an offence requiring entry in the Regimental Defaulters' Book, must serve for two years from date of original forfeiture, without another entry, before he can claim restoration of the reward.

(*c*) The period of one or two years' approved good conduct shall count, in the case of a Commanding Officer's award, from date of such award, if it shall not have been accompanied by imprisonment, and otherwise from date of release; and in the case of forfeiture having been awarded by Court Martial, or been consequent on a conviction, from date of sentence when corporal punishment or imprisonment is remitted, and otherwise from date of execution or the termination of the sentence.

STATEMENT OF CONDITIONS OF ENHANCED PAY.

3. As regards kit, it must be clearly understood as a condition of the present enhanced rates of pay, that the entire cost of equipment, line gear, saddlery, etc., will be borne by the men, with the exception of the following kit, *viz.*—

1. The Officers of both the Imperial and Local Service Regiments will receive pensions as follows:—

With regard to Officers' pensions, Government sanction the period for gratuity being fixed at 5 years' service, and for first pension at 20 years. Pension will be calculated on the pay plus allowance of appointment, during the last three years of tenure of office: the fraction on which calculation for pension is made commencing at 1/3rd and increasing annually up to 32 years' service by 1/72nd, *viz.*—

After 20 years' service 24/72 of average pay of last three years.

Do 21 do 25/72 ditto

Do 22 do 26/72 ditto

&c. &c. &c. &c.

Do 32 do 36/72 ditto

Officers dismissed for misconduct are not entitled to either pension or gratuity.

2. The object of these rules is to give pensioned officers adequate means to keep up their position, and the graduated scale has been made to enable Government to dispense with the services of any officer who is an incumbrance at any portion of his career, without any real hardship to the offender.

3. This ruling to apply to all officers pensioned since 1st April 1892, when the Imperial Service Regiment was first formed, and when many officers were retired who might otherwise have completed service for enhanced pension, and to have effect from the 1st February 1899.

After a service of more than 5 years and up to 20 years a gratuity of three months' pay (including good conduct pay) for every complete 5 years' service will be given any balance being omitted from calculation.

PENSIONS.

5. Pensions will be granted on the scale noted below and in accordance with the following orders.

***Invalid Pension.*—After 20 years' service will be given to any whose incapacity for further duty is established by medical certificate Form No. 6.**

A soldier of good character (irrespective of rank) who is discharged for an incurable disease, as permanently incapable of earning a livelihood, may be granted a pension of Rs. 3 a month, at the pleasure of Government, if he has nearly completed the prescribed term of service for pension, and is specially recommended for it by the officer commanding the State Troops.

Wound pensions will be calculated in accordance with the scale for the British Native Army, approved of by the Government of Mysore, in Proceedings No. 1886-7—22, Financial, dated 26th June 1884. (Copy of scale attached).

All other followers (except conservancy *cart-drivers) will draw the inferior rates of pension laid down in the same Regulations.

8. Non-Commissioned Officers must have served three years in the grade and rank in which retired to entitle them to the pension of such grade and rank; when their service in this respect is incomplete, they will only receive the pension of the next lower grade or rank.

CHANDA FUND.

1. The Auditor having reported the Fund is unable on its present condition to serve the objects of its formation, Government will administer the Fund until further orders. To assist the Fund Government will give this account an annual grant-in-aid of Rs. 13,000 towards the purchase of remounts.

2. To prevent undue expenditure, and keep a check on the Fund, Government directs that all future payments should be made on bills audited by the Comptroller, and not as heretofore on cheques drawn on the Fund.

3. The Comptroller will thus be able to satisfy himself regarding the admissibility of every charge made against the Fund, and to refer all doubtful points for orders of Government.

4. The accounts of the Fund will be audited yearly by the Comptroller, who will submit to Government an annual report regarding the Fund, with special information on the following points:—

a. Whether the proper deductions have been made from all ranks.

b. Whether dismounted pay has been credited.

c. Noting whether the proper complement of horses to Silledars is maintained and that no horses are retained amanuth when they could possibly be allotted to men.

d. Whether entrance donations have been credited.

e. Whether any unauthorised payments have been made.

f. Whether the sums due on death or casting of horses have been credited.

g. The average cost of remounts each year.

h. The age and number of horses in ranks.

5. The Comptroller will issue the necessary subsidiary orders to carry on the above instruction regarding the Fund, its account, and annual audits.

Appended is a copy of the Chanda Fund Rules for information.

CHANDA RULES.

1. The donation to the Chanda Fund for all ranks is fixed at Rs. 250.

2. Every officer and soldier will pay two rupees per mensem to the Chanda (remount insurance) Fund, for every assami of which he is the owner.
